MyEDBC Grad Status Update Report

Overview

With the implementation of new graduation programs for secondary students a companion report was added in MyED to assist schools with communicating student graduation status via MyED BC. The new report can be used in conjunction with other graduation progress reports like the Diploma Verification Report and School Transcript. The Grad Status Update report is tied to the assignment of a Program of Study for each student. Effective 2023-2024 students must be assigned one of 4 Programs of Study: 1. 2023 – EN English Grad Program, 2. 2023 – FI French Immersion Grad Program, 3. School Completion Certificate Program, or 4. Adult Graduation Program. The Grad Status Update report applies the program of study to the courses (completed and in-progress) to determine the graduation status of a student. The revised MoECC reporting order (effective 2023-2024 school year) mandates schools to publish (paper or electronically) the Grad Status Update report. Please review district guidelines for when and how often secondary schools are required to publish the Grad Status Update report.
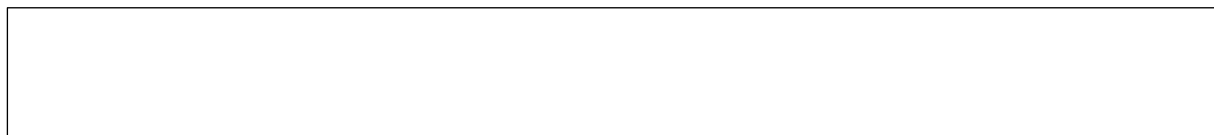

The Grad Status Report

This report is for parents, guardians, and students.
- It is intended to aid schools in communication with parents, guardians, and students.
- Summarizes student progress towards graduation for all graduation programs shown below.
- Does not replace the Diploma Verification Report or School Transcript.

It is not intended to display when/where credits are earned or marks assigned but to identify:
- What requirements have been completed by the student.
- What requirements are in progress for the student.
- What requirements have yet to be completed by the student.
- Which Provincial Assessments have been completed by the student.

The report will accurately reflect a graduation progress based on the requirements connected to the Program of Study assigned to the student, and the accuracy of the information in MyED BC.

Grad Status Report – Graduation Program

Graduation Program:	**British Columbia Certificate of Graduation (Dogwood Diploma)**

In order to meet graduation requirements and be awarded a British Columbia Certificate of Graduation (Dogwood Diploma), students must earn a minimum of 80 credits and write all provincial assessments of numeracy and literacy. The 80 credits must include 52 credits for required courses and a minimum of 28 elective credits. The 28 elective credits may be from Ministry-Authorized or Board/Authority Authorized (BAA) courses, post-secondary courses or external credentials, but not Locally Developed courses. Students must also complete a minimum of 16 credits at the Grade 12 level, including a required Language Arts 12 course and Career Life Connections. At least 4 credits must have an Indigenous focus. (Indigenous-Focused Graduation Requirements - Province of British Columbia).

- This part of the report will indicate which Program of Study has been assigned.
- Includes the description of the Program of Study as written by the Ministry of Education and Child Care.

- Includes requirements required for graduation based on the specific Program of Study.
- All requirements are broken into one of three statuses 1) Completed 2) In-progress (current), or Yet to Complete.
- Report also indicates which Grad Assessments have been written, nut will not indicate the score or standing.
- Report provides a summary of credits earned against the total credits required to fulfill the graduation program of study. In this example the report shows 32 of 80 credits completed.
- The report will not list specific courses, course marks, or course dates. For this information users would run the Diploma Verification Report.
