Parent-Teacher Conferencing				

Q3 MID-TERM REPORT- MARCH 8TH

A reminder to parents and legal guardians that the Mid-Term Report for Quarter 3 will be available on MyEd for viewing on Monday, March 8th at 4pm. We encourage parents to sit down with their teen and review this progress report. Pay attention to current learning achievement and work habits as well as attendance and the teachers' comments.

Celebrate the successes so far and discuss student plans for areas that may need some continued growth and improvement. If you have questions, phone the school or email teachers directly.

PARENT-TEACHER CONFERENCING – MARCH 9TH -12TH

If you have any concerns about your child's progress, please reach out to the teacher via email. You could communicate that way or arrange a time for a phone conversation during this next week. [Click here](#) for a list of staff emails.

EMERGENCY DRILLS – MARCH 11TH

The safety of your child and all children in our schools, as well as the safety of the school staff and support personnel, is very important to us. In order to maintain a safe environment, on March 11th, our school will be rehearsing the lockdown, earthquake and fire drills.

WALK, RIDE, SKATEBOARD?

How does your child get to school in the morning? With our improving weather, we hope to see fewer cars as students make healthy and environmentally friendly choices.

UPDATED MANDATORY DAILY HEALTH CHECK

There is an *updated* Mandatory Daily Health Declaration attached that students and staff need to attend to each day. If your teen answers "YES" to any of the questions, they must stay home and not enter the school. Please follow the "What to Do" instructions as shown. As always, our school continues to follow the health and safety guidelines. We are very appreciative of our students' regular hand sanitizing and mask wearing wherever required and grateful that students are regularly wearing masks when at their desks, as well. For our Grade 8 and 9 students, we continue to work on staying in cohorted areas at lunch (if students remain indoors) and maintaining distance. With nicer weather on the way, we expect more students will choose to be out in the fresh air.

Thank you for working together to limit the spread of COVID-19.
