The Mariposa foundation works towards female education and empowerment in developing countries. Their mission is to eradicate the generational poverty globally by helping girls achieve their full potential. When women and girls receive an income, they reinvest 90% of their income into their families, which allows for a healthier lifestyle. Children born to educated mothers are less likely to be stunted or malnourished, which is essential to ending poverty.

If you're ready for a breakfast that will get your day off to a great start while helping women in developing countries then be sure to buy your tickets in front of the office at lunch from NOW until the

28th! Pancakes are 1 for \$1.50 or 3 for \$3, chocolate chip waffles are 1 for \$2 or 3 for \$5 and hot chocolate and coffee are \$1 per cup!

The project team has been working hard to prepare a great event and we hope to see a ton of Wildcats out to support it!
