

Take Introduction to Health Science 1115 this summer! (Richmond SD38 Dual Credit)

Are you interested in taking a degree in Health Science or Nursing?
If so, get ahead by taking this tuition-free dual credit course!

SD38 students entering Grades 11 or 12 this fall are invited to apply to **take Intro to Health Science (HSCI 1115) at the KPU Richmond Campus this summer**. This course supports a KPU degree in Health Science or Nursing and is university transferable. **TUITION is paid** by Richmond SD38. Successful students earn dual credits: KPU credits (3) plus one Grade 12 course (4 credits toward high school graduation). Students may be required to purchase a course textbook. Course schedule and description are outlined below. International students may be considered if the class is not full.

VIRTUAL INFORMATION SESSION Wednesday, February 28th from 6:30 – 7:00pm

This will be held on Teams. **NOTE:** Current Gr. 10 and 11 parents/students will receive this link via email a week prior to the info session. If you do not receive the link at that time, email careerprograms@sd38.bc.ca.

COURSE INFORMATION

Course Name & Number: HSCI 1115 Introduction to Health Science

Term start and end date: Tuesday, July 2nd, 2024 – mid-August (TBD)

Location / Delivery Format: Tuesdays Online Asynchronous and Thursdays 10am – 1pm (in-person on campus) Richmond Campus (room to be determined)

Course Description (KPU Instructor: Dr. Bassam Nyaeme)

Students will be introduced to the multifaceted field of health science and the foundations of promoting health and wellness. They will explore concepts of health science from a variety of perspectives including biological, clinical, cultural, environmental, political, and socioeconomic. Students will examine the Canadian health system and strategies that promote health and wellness in the community.
