

What Do I Hand In April 28th?

1. A presentation video

- 10 – 12 minutes max
- Discuss your essential question, your process, document your work, how your mentor helped you, discuss challenges, what you learned and how you'll use this learning in the future
- Can be a PowerPoint with voiceover, or documentary video

2. Your actual project

- Might be a physical thing like a model, a series of artworks, a collection of short stories, or paper report (hand in to room 23151)
- It might be another video such as a documentary, footage of a musical production, footage of you restoring a cabinet etc. etc. (upload to the Portal along with your presentation video). This video can be as long as you want.

** If you're not sure if you're doing your project right, feel free to bring it to me early and I can "pre-assess" it very quickly

What About That In-Person Presentation I've Heard About?

In late June, after the last classes are over, you'll share your project in the Gym with people you invite – parents, your mentor, or someone else you want to invite

This is a requirement of the Capstone graduation process, but it does not factor into your mark (it is a completion mark only)

What If I Don't Do the Capstone?

You will not graduate.

Completion of the Capstone, and the sharing of it in the Gym in June, are graduation requirements for all high school students in BC.

Submission of the 30 Hours Work/Volunteer Experience is also a requirement.
