Beyond Behaviours: When Is It More? Ages 13 to 18 Years

Why can it feel so tricky to tell if our kids are on track, going through a phase, as opposed to struggling with something more, or beyond behaviours? In this video conversation, a parent and counsellor talk about the developmental stages of children who are 13 years of age and older.

Join us to learn from Karen Peters, Registered Clinical Counsellor.

This video presentation will be followed by a facilitated discussion by the Family Peer Support Workers in Richmond.
