Friday, Oct 2<sup>nd</sup> is our annual **Terry Fox Run** during B block. Terry Fox was diagnosed with a type of bone cancer at 18 and lost his leg. He became a national hero as he fought a courageous battle against cancer and began the Marathon of Hope, a race across Canada in 1980. He ran almost 42 kilometers each day for 143 days before he ultimately had to stop as the cancer had spread to his lungs. Before his death on June 28, 1981, Terry had achieved his once unimaginable goal of \$1 from every Canadian. More importantly, he had set in motion a framework for an event. The Terry Fox Run, that would ignite cancer research in Canada, raising more that \$850 million since 1980, and bring hope and health to millions of Canadians. We carry on this tradition each year and ask for a **'Twoonie for Terry' for Cancer Research. We are accepting donations at the office, your A block teacher, and on School CashOnline all this week.
